

# I'm A Faaaaaat Guuurrrlll

By **Tanisha Alexander**

I'm a Faaaaat Guuurrrlll!  
Not PHAT  
But baby  
F.A.T

Lol  
Yes I'm fabulous and more than thick  
Kind of fluffy  
But oh so lovely

If I was your girlfriend  
You would never have to worry about me showing  
All my booty  
To all your friends  
Because the booty is on lock down  
With control top panties

Only breaking loose  
In total privacy

Oh yes  
I'm a fat girl

Waist 39  
Bust 48  
And hips 52  
Believe me I'm not lying to you  
I'm a big girl  
I'm a fat girl

But never under estimate the fat  
Lol

No  
Because it will lie to you  
Telling you  
That no one wants me

Because I'm not a size 2  
Or that your man would never look at me

Oh yes baby the fat lies  
Just like it tells me  
Girl you don't look  
That big  
In those Baby Phat jeans

It lies to the playas  
Telling them that they can play me  
Cause I'm a fat girl

They just didn't know they were my back up  
In case my real man had to cancel  
It was you I called to take me out to eat  
And a movie

Oh the fat deceives us all  
Telling me I can eat that slice of cheesecake  
And that it won't reincarnate on my thighs  
And cheeks

Oh the fat is so tricky  
So tricky

Like the way it hides in my thighs  
And only resides minimally in my tummy  
But bulges out in my bra cup

That dang fat  
Will get somebody in trouble

But most of all  
There is one thing that the fat will insure me  
That if I ever get in an argument  
Or altercation with someone  
The first thing they are going to yell  
Is "You Fat"  
Bleepity, bleep, bleep

Oh  
No fight  
With a plus size woman  
Ever escapes that slanderous name  
But I say it with pride

No more denying my fat  
Jelly or  
Cream filling  
Because I am a fat girl  
Who is lovely  
Phenomenally

So when you look at the next skinny chick  
Just say to her  
Hostess  
“Where’s the crème filling?”
